A native of Wood county, but a citizen of Harrisville, Ritchie county to the ability to counsel, and at the same time gifted with a judicial mind and time gifted with a judicial mind and one particularly adapted for the law. There is probably no other practicing attorney in Ritchie county with the interests of his clients than S. A. Powell.

of Lamberton a distinction over all communities of the world.

His absolute faith in the project is proven by Mr. Lambert in the fact that he is spending more money there than he is asking any person else to invest. In addition to devoting his life to it and making the original investment in the purchase of the land and development of the gas he is erecting many buildings of such an elaborate and expensive nature as to prove to the world that his whole alm is that of making Lamberton his home and to make it a great city.

The handsome new home which is shown here and which is now under course of construction is one of the demonstrations being made by Mr. Lambert in his faith in the future city. This home is designated to be the most elaborate between Parkersburg and Clarksburg, and there are few, if any, in these cities to compare favorably with it.

A feature of this home is the tact that it sits on the exact spot of the home of Mr. Lambert's great grandfather, who was one of the early settlers of that section of the country and the same character which characterizes all of his other improvements. It will be complete in every detail and will offer the best accommodations to be had between Parkersburg and Clarksburg, and there are few, if any, in these cities to compare favorably with it.

reathe Hyomel Four Tin Day and Be Relieved.

If a few years ago some one had said you could treat estarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that sminent investigator, R. T. Booth, to discover in Hyomei this wonderful method of treatment:

Hyomei has performed almost mirraculous results in treating catarrh and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it chaims. The complete outfit of Hyomei is inexpensive and consists of an inhaler, a medicine dropper and a bottle of medicine dropper and a bottle of

Hyomei.

Breathe the air of Hyomei through the little inhaler, druggists furnish with it for a few minutes four times a day and it wil thelp the worst case of catarrh. It soothes and heals the muceus membrane of the air passages, prevents irritation, and effects complete and lasting relief.

In Clarksburg there are scores of well known people who have been relieved of catarrh by Hyomei. If it does not help you Wells-Haymaker. Co. will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to their faith in this remedy.—Advertheir faith in this remedy.-Adver-
